

# Pouce Coupe Elementary School

FRIDAY NOTES  
FEBRUARY 14, 2020

## Dee Robb

My name is Dee Robb and I teach the grade 2/3 class here at Pouce! I was raised in Grande Prairie, but attended college in Southern Alberta and spent time living in Eastern Europe and Asia both teaching and doing humanitarian work. After returning to Canada I lived in Calgary for about 20 years. During my time in Calgary I owned a financial services company and consulted in the insurance and investment sectors. During this time, I also started a very successful community classroom project providing educational opportunities to women and their families. I spent several years teaching financial literacy in private schools, as well as running an online community of approximately 15,000 women organizing various volunteer and charity events. I taught private music lessons for several years and wrote for various digital magazines and blogs. In 2016 I moved to Dawson Creek and opened an art studio and community classroom. Early in 2017 I returned to teaching in the private system and decided to close my businesses permanently to concentrate on teaching full time. My 11 year old son, Rhett and I moved out to Pouce in June of 2018 and we love the small town life. In my spare time I enjoy traveling, writing, reading, playing piano and guitar, as well as upcycling and restoring old furniture. Teaching has always been something I am passionate about and hope to go back overseas teaching once my son is finished his education.
