## **Important Information for June**

*As you are aware, students have the opportunity to return to the school for some part-time schooling on a limited basis in June. Teachers and staff have been busy contacting families to gather this information. If you have not connected with your teacher yet, you can contact them or leave a message at the school 250-782-8403.*

*There will be District protocols for all staff, students and families to follow to ensure the safety of people in our building when students return. We will post these as soon as they are available.*

*Even though students will be returning to school, the school building will remain closed to the general public and schedules may look a bit different. We will communicate these changes once they have been finalized.*

*For those continuing with home learning, please be aware that teacher contact and availability for calls, texts and emails may look different for June. Many teachers will be teaching in class 4 days a week. Therefore, the number of contacts will be reduced.*

*Next week, we will have updated information that we will send out. Please continue to watch our website and your email for this information.*

*If you have questions, please do not hesitate to contact us at 250-782-8403.*
