The salaries paid to employees as well as the payments disbursed to supplies for goods and services and employee benefit premiums are disclosed on the audited financial statements as expenses, net revenues, capitalized costs or changes in accounts payable and receivable.

The differences between the audited financial statements and the combined totals of the Schedule of Remuneration and Expenses and the Schedule of Payments made for the Provision of Goods and Services are primarily as follows.

- Vendor payments include the employee portion of benefits and statutory deductions but they are not included in the Schedule of Revenue and Expenses.
- Vendor payments and remuneration do not include accruals made at year end for certain supplier costs and future employee benefits.
- Vendor payments reflect the full payment of GST, whereas the expense reflect the GST net amount.
- Vendor payments include capital costs.
