

CODE OF CONDUCT 2025-2026

Statement of Purpose

At Crescent Park, we work collaboratively with students, staff, parents, and community to provide a safe, caring, kind, respectful, inclusive and orderly school environment where strengths are honoured, and learning is engaging. Crescent Park students will acquire and demonstrate academic, social, and behavioral skills that will enable them to act as positive, contributing citizens in our ever-changing world. Our Code of Conduct is designed to provide guidelines for appropriate student behaviour during the School Day*, including break times, on the school bus, during school-organized or sponsored activities, functions, field trips or events off school property, and in any interactions (including on-line behaviour) that might impact the school community and the safe, caring or orderly environments of the school, and/or student learning. The Code of Conduct has been structured to align with and adhere to the standards outlined in:

- SD59 Policies and Administrative Procedures
- The School Act
- B.C. Human Rights Code
- B.C. Ministry of Education: Safe, Caring and Orderly Schools Guide (2014)

*School Day = includes a reasonable length of time to get to and from school.

Prohibited Grounds of Discrimination

As per Section 8 of Human Rights Code of British Columbia, students shall not discriminate against others based on Indigenous identity, race, colour, ancestry, place of origin, religion, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, or age of that person or class of persons. Furthermore, as per Section 7 of the Human Rights Code of British Columbia, no student shall publish or display anything that would indicate an intention to discriminate against another, or expose them to contempt or ridicule, on the aforementioned bases.

Communication

We believe that the Code of Conduct (and its implementation) is one of the cornerstones of a school-wide program developing social responsibility in students. The Code of Conduct will be clearly communicated to students, staff, and the parent community in the following ways:

- Staff will use class time and school-wide assemblies to discuss and implement the behavioural expectations outlined in the school's Code of Conduct.
- The modeling of socially responsible behaviour is expected of all adults in the school, both employees and volunteers.
- The Code of Conduct will be posted on the school website.

The Code of Conduct is reviewed annually by staff and the Parent Advisory Council. Revisions are made accordingly. Office referrals are reviewed by the Principal, Vice Principal, and School-Based Team and monitored as appropriate.

Rising Expectations

The Code of Conduct recognizes that as children grow and mature, they are more able to make appropriate decisions and to be responsible for their actions. As students progress through successive grades, they are expected to demonstrate increased personal responsibility, self-regulation, and maturity.

Consequences

At Crescent Park Elementary School, consequences will be applied in a fair and consistent manner, respecting individual rights, responsibilities, age, and maturity, with a focus on prevention, restoration, and growth. Wherever possible, disciplinary action is preventative and restorative rather than punitive in nature. Consequences for unacceptable conduct will be determined based on the severity and frequency of the behavior, considering individual circumstances and needs. Disciplinary actions will aim to address the behavior, prevent future incidents, and restore relationships within the school community. Consequences will allow the student to make amends for their actions. Restorative Practices focus on creating conditions for students to learn self-discipline, fix mistakes and return to the group/class/school strengthened. At Crescent Park, we emphasize the importance of positive relationships in building community and speak to the obligation we all have to each other to move towards wholeness, restoration, and a sense of belonging.

Consequences may include (but not limited to)

- review of expectations or verbal reminder
- timeout and quiet think time

If parents become aware of an incident, they are always encouraged to communicate with us, so that we can solve it. Parents should not try to solve issues by themselves on school property with other students or their parents.
