We usually do $400 per class as a budget

There are less kiddos graduating from Grade 7 this year, do we want to just wait for the quote/estimate for the hoodies?

As of Oct 14/26 we have $6,256.41 (after receiving this years grant) in the gaming account.

We are supposed to spend each year as we get it. So we have to spend more than we have gotten this year.

We have max 2 years to spend each grant or we have to ask for an extension and have a valid reason for this.
