

The Mission of Chetwynd Secondary School is to
provide a Caring Community of Socially
Responsible Individuals Striving for Success

This mission is driven by our Core Beliefs

Students benefit when
parents and
community members
are involved in
learning.

A positive self-
image is
important.

All individuals can
learn and succeed.

All individuals
can be
responsible.

Appropriate
environments and
programs provide
individuals with
opportunities for growth.

September 2021

Principals Message:

Well everyone, we did it! September is now over, and October is here. There is always a bit of chaos associated with the start of school, but we are rolling along now. September was a month of reunions, connections, new classes and new experiences. The events have already begun. We had a successful Terry Fox run. We were also able to have a meaningful and powerful Orange Shirt Day assembly, complete with special guests. Bev Lambert was able to come into the school and demonstrate Metis jigging and dancing, much to the delight of the students. In October, students from grades 8-10 will be taking a day trip to Gwillim and participate in many fun activities. The Cavalier volleyball teams are attending tournaments and we have just created our cross-country running team. It's going to be a great year!

CSS Staff: Meet the teachers and Educational Assistants that will be teaching, guiding and supporting our students this year! We are so fortunate to have such hard working, dedicated and passionate people in our building.

Monthly Virtue: Kindness

With the goals of building community, holding high expectations, and striving for success; students and staff at CSS will be actively learning about a different virtue each month. Staff selected 10 virtues to focus on, and we are working together to teach about, encourage and celebrate these virtues. The September Virtue is KINDNESS. Our Leadership classes and Ms.Corno will lead each month and are already hard at work spreading kindness!

Extra-Curricular:

Volleyball

After school Homework Help

SOGI
