

5010 Accumulated Operating Surplus

Policy 5010 STATUS: ADOPTED

ACCUMULATED OPERATING SURPLUS

Board Approved: May 30, 2018

Last Revised:

Description:

The Board of Education is responsible for ensuring the district is protected financially from financial forecasting risk and unforeseen circumstances which could negatively impact the education of students.

The school district's accumulated operating surplus will serve as a contingency reserve for the risk's associated with unexpected increases in expenses and/or decreases in revenues related to major emergent operating issues, one-time costs and intermittent projects.

ACCUMULATED OPERATING SURPLUS

Board Approved: May 30, 2018

Last Revised:

Description:

The Board will attempt to maintain an unrestricted operating fund balance of five percent of annual operating expenses. Excess funds above the desired target may be considered for allocation through the budget process.

When use of the contingency reserve reduces the balance below what is determined to be sufficient, the Board of Education will adopt strategies for replenishing the contingency reserve within an appropriate time frame.

Accumulated operating surplus should not be transferred to local capital without supporting detail of what capital projects these local capital funds will be spent on. This will normally occur during the budget process, or through approval by Board motion.

Operating surplus funds may be internally restricted. Amounts should not be internally restricted that will not likely be spent within 3 years. The Board will provide information in the Notes to the Financial Statements identifying internally restricted surplus funds, as well as, details of the restrictions placed on these funds.

The projected operating surplus balance should be reported to the board when presenting the annual preliminary and amended budgets.
