

**6040 Tool Insurance**

Policy 6040

STATUS: ADOPTED

---

*TOOL INSURANCE*

Board Approved & Codified: January 14, 1998

Last Revised: June 14, 2000

---

Description:

The Board of Education recognizes the investment by Mechanics in the personal tools they use to maintain the District's fleet of vehicles. In lieu of providing insurance coverage for these tools the Board will assume the liability for a major tool loss by self-insuring tools within the District's equipment pool.

Provision shall be made to allow for non-major tool replacement subject to the approval of the Transportation Manager.
