

## FAQ:

### What can I expect this to look like?

- Flexible learning plans where all students have the opportunity to succeed
- Weekly learning plans and activities communicated to parents
- Digital and/or paper-format delivery depending on the needs of each family
- Use of current digital platforms already in use at the school
- Ongoing assessment/communication

### What about graduation?

- I heard that all students on track to graduate will graduate, do they still need to complete work?  
Students still need to meet graduation requirements, including completion of required courses and minimum credit obtainment.
- Will there be a ceremony?  
We have not made any decisions around graduation events at this time. We will have to make a decision on graduation ceremonies later in the spring based on the pandemic situation at that time.
- Can students still apply for scholarships?  
Yes, students should continue post-secondary planning, including scholarship applications. Information about scholarships will be emailed to grade 12 students later in April.

### When will classes resume?

In-class instruction has been suspended from the Ministry of Education indefinitely. As a school district, we take our lead from the Ministry of Education and Provincial Health Authorities. The decision to resume classes will be based on the health and safety of students and we do not have a schedule for students to return to in-class instruction.

### I don't have a computer at home, how can they complete work?

Continuity of education does not mean that all 10- 12 courses will become Distance Learning. Teachers will be providing educational support to parents and students while in-person classes are suspended. This will take a variety of forms and will be delivered through a variety of mediums to ensure that we have equity for all. Phones, work packages, all alternative options are being considered for distributing work.

### Can my child come into the school?

No, the schools are closed to all public access. We will be developing a coordinated plan for students to pick up personal items from the school. Students/Parents must phone the school to schedule an appointment to receive their belongings beginning April 1<sup>st</sup>.

When should my child get started?

Our plan is to have continuation of learning plans in place for all students and classes by April 6<sup>th</sup>.

How will students keep on track?

Teachers will connect with students on regular basis. Teachers will determine which is the best way to connect with each student. Phone calls, group emails via the platform used: MyEd, Google Classroom, Freshgrade, Microsoft Teams or Zoom video conferencing, as examples of some options.

How much time should be spent on schoolwork?

	Daily	Weekly
Grades 10 – 12	3 – 3.5 hours (approx. 50 mins per course)	15 – 17.5 hours

Around 50 minutes per course/day.

For specialty courses (shop, PE, Art, drama etc.) teachers will provide course work for students at home or weekly goals.
