## Kindness

Students are starting Kindness month at the school, just in time for February. There are completing a Kindness chain in the hallway. Mrs. Lukey has got this started.

Alexis the community FN Constable came to the intermediate class and brainstormed acts of kindness. Fifteen initials and the students can earn a box of chocolates.

## Things that are happening

### Intermediate class

- Starting a paper mache Piggy Bank.
- Students are up to 20 times table (addition, multiplication, subtraction, division)
- Students are creating lost and wanted posters with computers.
- Learning how to type and finger placement on the home row.
- Learning how to use the word and powerpoint computer program as well as cut and paste.
- Students are completing short stories and cloze messages on the internet.
- In Science, students are going to start chemistry experiments and finish off the body unit.
- In Socials, students are completing their Canada unit.
- Students are selecting a country and we are cooking a food from the country. So far, Jayden has chosen China. The class enjoyed green onion and spring rolls. Daniel chose Mexico and the entire school enjoyed tacos. Maryjane has chosen Australia and we are waiting to find out what food the class will enjoy next week. Marcie has been gentle helping the students with the food choice and preparation. It is quite exciting.

### Primary Class

- Students are working hard on their math learning about shapes, number of the day, greater or less than, number sentences, skip counting and counting on.
- Students still working on their owl unit.
- Students have started new phonological centers.
