

Don Titus Montessori School
WHERE KIDS LEARN TO SHINE!

DON TITUS MONTESSORI SCHOOL NEWSLETTER
MAY 2021

Principal's Message:

Get ready for the whirlwind of Spring! Our calendar is getting filled quickly with activities, field trips, assessments and prime learning time. Teachers are busy planning and trying to keep Spring Fever at bay. I will start sending out weekly reminders with important dates. This will help me make sure I don't miss anything and hopefully will help you as well.

We welcomed our newest Kindergarten students on Friday at our Welcome To Kindergarten event. Our registration is filling up quickly so if you know of anyone with a child entering Kindergarten in the fall and they have not yet registered, please send them our way.

Important Information:

Our school is happy to encourage health eating by offering fruit and veggie snacks and milk every three weeks. When students are choosing a snack from their lunch for the morning they are encouraged to choose a healthy snack. Pop and energy drinks are not allowed at school. Students are encouraged to drink water throughout the day and save their juice box for lunchtime. Please remember to send a water bottle to school as the fountains are not being used at this time. We enjoyed some delicious deviled eggs last week courtesy of Lisa Bailey and Mrs. Fontaine!

The pizza sales continue to be successful. We will sell pizza Monday May 10th and then take a break until Monday May 31st. June is too busy so that will be the last pizza sale day.

Thank you for supporting our first Virtual Book Fair. We raised \$145.00 in free books for our library!

We have a few fundraisers on the go right now. Created by Kids orders need to be submitted, either online or to the school, by May 17th. If you are submitting your order online please email me the order code so I can add it to your child's drawing. Blueberry orders need to be submitted and paid by May 21st.

We'd like to send a huge thanks to our PAC for their continued support. They've been helping us out with Learning A-Z subscriptions, bussing to the pool and Gwillim, folding tables and lap desks so students can be learning outside, providing healthy and home made hot lunches and much more. I encourage you to join a PAC meeting to see what it's all about.

With allergy season upon us it's often hard to tell the difference between allergy symptoms and COVID symptoms. I've included the Daily Student Health Check for reference. Please remain diligent about keeping your kids home when they're showing symptoms. We've been incredibly lucky to this point and we are very appreciative of how supportive families have been with this.

Message from the PAC:

The last hot lunch order is open right now on Munch A Lunch. If you don't have an account set up contact Chelsea Roberts at chelro@live.com and she can get you set up. There will also be paper forms available at the office if you'd like one.

The next PAC meeting is June 1st at 6:00 via Zoom. If you'd like the link please contact Chelsea at the above email address.
