## **Changes Are Coming for 2023- 2024**

During student teacher interviews, teacher handed out pamphlets that discussed changes to the way we report on student learning. These changes will go into effect for the 2023-2024 school year.

One of the big changes will be that grades K-9 will be reported on using a provincial proficiency scale. The scale will be as follows:

Emerging	Developing	Proficient	Extended
The student demonstrates and initial understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a partial understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a complete understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a sophisticated understanding of the concepts and competencies relevant to the expected learning.

Students in grades 10 – 12 will continue to be reported on using letter grades and percentages.

## **Kodiak Winter Club**

Watch for a permission form to come home next week for students who would like to go outside for breaks on colder inside days. **Students will need to have outside gear and a signed permission form to participate.**
