SCIENCE WORLD

ON THE ROAD

Science World on the Road is visiting our school! There will be two presentations:

How₂Science: Where students will discover and practice the ways that scientists observe, predict and test, with demonstrations that will have audience members spinning on platforms, launching rockets and riding hovercrafts for primary classes;
and

Earth, Wind & Science: Where students will explore the incredible weather events that occur within our atmosphere, with demonstrations such as the shocking Van de Graaff Generator, the mind-boggling Cloud In A Bottle and the spectacular Fire Tornado for intermediate classes.

With help from the Feeding Futures Fund through the Ministry of Education and Child Care we are able to offer families extra food packages over the break if needed. Please either call the office or reach out to Mrs. Haugen or Mrs. Anderson to be added to the list and arrange pick up.

Tombola starts at 5:00 on Thursday, March 7, 2024!! This is an evening of carnival games, open to all students. French Immersion classes will be scheduled to run the games. There is a volunteer sign-up for parents of French Immersion students, please email hregner@sd59.bc.ca. Everyone is welcome to join us for an evening of games, fun, food and friends! If you are donating a cake or cupcakes for the cake walk, please drop them off at the school any time Thursday.

We are implementing a new communication service called SchoolMessenger to alert parents and guardians through text or e-mail notifications such as emergency updates, absentee notifications, weather alerts etc. Please see our website for a copy of the permission form. We encourage you to sign up and make use of this important communication tool to ensure student safety.
