Playground fundraiser update:

Though we have not yet been successful in our grant application process, our fundraising drive for updating our playground is still in progress. Thank you for all your efforts to date! Apple fundraising proceeds will still go towards our efforts of adding to our playground. Such a project will be a very nice asset to our school and community. As we get closer to a project, we will include students and families in our planning process. We believe that such a project will provide families with a safe and fun, fully accessible space that our students and community will enjoy for many years to come.

As well, if you hear of appropriate grant ideas, please, let us know and we will be sure to apply. Between the PAC representatives and our school staff, we are re-starting our letter-writing campaign to organizations. We are hopeful! Thank you for continuing to support our school-based efforts!
