Tumbler Ridge Secondary School Growth Plan, Kodiak Campus 2026-2027

Goal 1 – **Positive Relationships and Connections** – to increase the frequency and quality of connections within the school community.

Student outcomes: Increased connections will support student's comfort in attending school, on a more regular basis, at the new Kodiak Campus. This will help with student success, as well as their feelings of connectivity to the school as a whole.

Action Items	Indicators of Success	Reflections
Objective 1.1		
• Build connections and belonging	• Develop positive relationships between students, staff, and peers to increase students' sense of connection to the school community.	
Objective 1.2		
• Encourage students to access mental health services when clinicians are on campus.	• Students will engage with Foundry and CYMH when on site (lunchtimes). • Students will be comfortable asking to meet with a clinician, or asking how to meet with a clinician	
Objective 1.3		
• Support Student Success	• Create a welcoming and supportive learning environment that promotes student engagement, participation, and academic success.
